PROFILE SUMMARY

I am a developer skilled in front-end and back-end technologies, including JavaScript, React, Node.js, MySQL, and Express.js. With a focus on building responsive web applications, I've recently expanded into cloud computing, earning the AWS Cloud Practitioner badge. I'm eager to bring my problem-solving skills and passion for innovation to a collaborative team.

SKILLS

PROFESSIONAL SKILLS   Communication | Critical Thinking | Adaptability | Problem Solving | Teamwork | Collaboration

TECHNICAL SKILLS   JavaScript | HTML & CSS | React | MySQL | Node.js | Express.js, | Git & GitHub | Postman | REST APIs | Artificial Intelligence | Visual Studio Code | Chrome DevTools | Bootstrap

EXPERIENCE

Web Development Internship CodSoft, South Africa   October 2024 – Current

- Developed responsive websites using HTML, CSS, JavaScript, and React.
- Optimized web applications for maximum speed and scalability.
- Assisted in debugging and fixing front-end issues across various projects.
- Integrated APIs to enhance website functionality and improve user interactivity.

PROJECTS

Blog Website   October 2024

Developed a Full-stack blog website with React for front-end and Node.js for back-end

Intergrated MySQL database to store user information, posts and comments | Live Deployment

Shopping Cart   June 2024

Created a fully functional and responsive application focusing on product browsing, adding items to cart and managing purchases

Designed a streamlined UI/UX for a smooth shopping experience. | Live Deloyment

Weather App   April 2024

Developed a weather app using React that provides users with up-to-date weather information based on location or search.

Integrated with weather API and focused on a clean and intuitive interface. | Live Deployment

Melsoft Website   June 2024

I developed a fully responsive website utilizing HTML, Bootstrap, and CSS, meticulously replicating the design and features of the Melsoft Academy website.

The result is a pixel-perfect layout that provides an intuitive user experience on all devices. | Live Deployment

EDUCATION

May 2024– November 2024

Software Engineering | Melsoft Academy | Johannesburg South Africa

September 2024 – January 2025

CS50x- Introduction to Computer Science | HarvardX | Johannesburg South Africa

April 2023 – April 2024

Front-end Development | SheCodes | Johannesburg South

PROFESSIONAL CERTIFICATIONS

- *2023:* SheCodes – [Intoduction to Coding](#)
- *2023:* SheCodes – [Web Development](#)
- *2022:* SheCodes – [Responsive Web Development](#)
- *2024:* SheCodese – [React Development](#)
- *2024:* AWS – [Cloud Essentials Badge](#)
- *2024:* AWS – [Cloud Computing 101 Badge](#)
